Work Experience

HULU

PRODUCT MANAGEMENT INTERN

June 2018 - Aug 2018

Set vision for news personalization in Q1 of 2019 by aligning with design, UX research, market and consumer insights, R&D in Beijing, legal, product, editorial, marketing, and content. Built proof of concepts and ran usability studies.

AMAZON

SOFTWARE DEVELOPMENT ENGINEER INTERN

Sept 2017 - Dec 2017

Defined and prioritized consumers' needs to create a reliable inter-process communication mechanism for AWS Networking.

GE DIGITAL

DIGITAL TECHNOLOGY LEADERSHIP PROGRAM INTERN

June 2017 - Sept 2017

Prepared four reports with SQL, interviewed report consumers, and presented results with a custom D3 visualization and dashboards. Built an automation sync script resulting in 150+ manpower hours saved for the Cybersecurity team.

UW INTERACTIVE DATA LAB

UNDERGRADUATE RESEARCH ASSISTANT

June 2016 – Sept 2018

Built 15+ features with React/Redux, AngularJS, and Typescript across five open-source data visualization research projects.

ZEISS

SOFTWARE ENGINEERING INTERN

June 2016 - Sept 2016

Collaborated with hardware and software engineering teams to define requirements for new metadata variables.

ZEISS

SOFTWARE ENGINEERING INTERN

June 2015 - Sept 2015

Built a Python interactive console, added an API documentation generator to the build, and fixed 20 bugs.

NORTHERN CALIFORNIA UNITED STATES TENNIS ASSOCIATION

INTERN

June 2013 - Aug 2013

Wrote an automation script to produce a list of qualified junior tennis players for the annual summer team tennis tournament.

Leadership and Volunteer Experience

PRESIDENT – UW NEXUS CLUB – April 2017 - September 2018

Led five officers to solve software needs of Seattle non-profits by recruiting teams of UW students to work on the projects.

CO-FOUNDER, VP – CRYPTOCURRENCY: MINING, TRADING CLUB – March 2015 - June 2015

EAGLE SCOUT – BOY SCOUTS OF AMERICA – 2001 - 2014
